

CPNP200P\_V3 C07-114

## Powerline 200Mbps Home Network Starter Pack

With the Conceptronic Powerline 200Mbps Home Network Starter Pack you have the easiest solution to create a wired home network to places without an existing network connection. Simply plug the powerline adapters into available power sockets in your home and share your internet connection, music, movies, files etc. There's no need for complicated software installation. The only cable you need is from a powerline adapter in your power socket to your device (e.g. Notebook, PC, TV, set top box, IPTV, media player, Blu-ray player). The Starter Pack contains 2 Powerline adapters so you can create your network within minutes.

### Highlights

- The easiest way to set-up a 200Mbps home network through your power sockets
- Perfect for streaming (HD-)video, VoIP calling and online gaming
- Up to 16 powerline adapters are supported within 1 network
- Low power consumption

### Orderinformation

## Specifications

### Minimum system requirements

|                          |                        |
|--------------------------|------------------------|
| Connections / interfaces | Wired LAN (10/100Mbps) |
| Other                    | Power socket           |

### Features

|                            |                                           |
|----------------------------|-------------------------------------------|
| Supported networks         | IEEE 802.3 10BASE-T; 802.3u<br>100BASE-TX |
| Power supply               | Internal                                  |
| Autoswitching power supply | Yes                                       |
| Led indicator              | Yes                                       |

### Performance

|                     |              |
|---------------------|--------------|
| Chipset             | DS2 Aitana++ |
| Supported max speed | 200Mb/s      |

### Connections / interfaces

|                   |         |
|-------------------|---------|
| Powerline network | 200Mbps |
|-------------------|---------|

### Warranty

|                   |   |
|-------------------|---|
| Warranty in years | 5 |
